

*To the Valued Members of State CS:*

*I wanted to share with you some exciting news both about myself and your Credit Union. I have worked the past 15 years as your Chief Executive Officer achieving the Credit Union motto of People Helping People. I have decided to take this motto out into the USA and expand my vision of helping members. I am resigning from State CS effective January 24, 2020. My new adventure will include volunteering with Samaritan's Purse and CUAID.COOP, a Credit Union Cooperative that helps members rebuild their lives and homes after a natural disaster.*

*I leave this Credit Union as it begins to move up to a new horizon due to the strong financials and growth it has been experiencing. I am confident that the newly appointed CEO, Jacqueline Ramirez, will be successful in this new adventure. She and I have worked as a team for 12 years and share the many same values incorporated in helping members. I look forward to seeing how under her leadership State CS embarks into the next realm of People Helping People while Together We Thrive.*

*The regular feedback that I receive from members in regards to their satisfaction and pride that they have in their Credit Union is amazing and gratifying. I will always carry with me the deep gratitude for the many members, like yourself, with whom I have had a chance to work with. It has been a wonderful, enriching and rewarding time to manage and conduct business development activities for State CS over these past 15 years. I thank you for your support to State CS as without that my visions for your Credit Union wouldn't have become realities.*

*I make this decision to start my legacy confident that the current employee team, who comes with a wealth of varied skills, new ideas, and new energy will continue to enrich State CS and benefit you. Please join me in congratulating Jackie as she launches into the beginning of her own legacy.*

*Sincerely,*

*Theresa M. Eassa*
